For O. F. D T.V.

Dear Friends -

I'm a member of  
O F D T.V. And I watch  
it most of the time  
It got every thing  
that I like to watch -  
I like the Rural Area  
very much. I'm still  
hoping to save it -

Thank You

Dear FCC, Proceeding number **16-41**

**DOCKET FILE COPY ORIGINAL**

My personal Comment:

I watch my TV programing on the DISH satellite and watch the RFD-TV programing on a daily basis as I believe this is one of the best suited programing for the whole family, both young and old. The standards that are conveyed to the public concerning News, Weather, Equine, Crop Production, Livestock, both beef and dairy, Music to include classic country, polkas, and many other different types of music from a variety of artists, church services and music there from are welcomed.

From the early days of television that carried only the three major networks, CBS, NBC, and ABC the programing was to have families be entertained by TV that showed us that good Moral practice used and being taught to the American people is the best medicine to be able to sustain a healthy, prosperous, strong and social country.

In my opinion it appears that television is taking a downward trend as more programing is formulated to constitute the essential elements of Moral Turpitude. The early days of movies/TV made us realize that there is a difference between good and bad and in between situations, today this is null and void. Our children today have these examples to look up to, that corruption is okay, sport figures partake in illegal gambling, beating up spouses/partners, arrested for DUIs, politics that tell us lies and the list can go on and on. I believe that greed and personal agendas will be the downfall of this country. If this is what our leaders think is best for our country so be it.

RFD-TV is probably one of the only broadcasters that truly convey to the people, both young and old, that there still is the opportunity to build good character, conduct, social relations, THESE MORALS to sustain OUR UNITED STATES OF AMERICA. It is crucial that we the people understand and realize that we need the connection of Rural and City living and the results there from. Thank you.

Sincerely,

Brian D. McNeal

FCC - Proceeding # 16-11,  
co/ RFD TV;

DOCKET FILE COPY ORIGINAL

We have dish w/ RFD TV channel. We & our friends do enjoy the programs - watching - listening to the Educational, different States-Ag. programs, music, different products, machinery, weather, etc. This channel is educational for all Ages - from newborn - to - 100 plus of age!!!

In this time in the world you do need a great channel (RFD TV) to keep you & yours inform about everything from where our food comes from - processing of it, & other interesting things.

Why those Verizon Fios doing this - taking Weather channel, RFD TV, & who else? we are in a very electronic world! The phone, computer, etc. is to keep in touch w/others, work, etc.

weather-channel or Ag - inform in any bad weather is near, RFD TV - keeps us inform also about the weather, food growing, processing &

other interesting programs - very important & educational. Everyone needs to stop looking into their phones, tablets, etc. & make sure what they are doing & what is around them.

There should be a fine or something to the cable-satellite business company should not drop any channels that you are subscribe to plus they do not replace them - but they still charge the same amount or raise the amount.

Sincerely yours,

Betty M & Richard M.  
Riggs.

P.S. the Ecfs Express was not working very well last night on the RFD TV ~~channel~~  
on the internet!

Dear Sir:

From day one, since we found RFD TV as one of our viewing channels, we look forward to each and every program. We receive RFD TV through Dish Network Services and Frontier Communication. The old time Nashville country music is just one of the programs that we enjoy most.

We hope that you will continue approving RFD TV to use these programs. Our entertainment is mostly through our television as we are moving up in years..

Please consider our request.

Thank you and God Bless.

Please do not drop RFD-TV from operations. I like watching this station. I like to watch the FFA convention every year. I also like to watch the Gaither Homecoming shows. I also enjoy the grain prices each day. My family lives in Maryland but owns a farm in Missouri, so by watching RFD-TV we can find out what the grain prices in Missouri are to help us decide the best day and time to sell our the grain.

Sincerely,

Jessica Lambert

Dear FCC, Proceeding Number 16-41

My family and I watch RFD-TV alot on Dish Network. The show is informative as well as entertaining to the backbone of America. It is a refreshing reprise from Hollywood and the Sports World. One of the few remaining that is deemed "fit to watch".

We strongly urge you to allow this program to continue. Thank you, in advance.

Gentlemen:

I am Larry Edwards, and am so concerned that we may lose our favorite Country and Urban TV station, RFD. This is, so educational, informative, enjoyable, and learn the new and best techniques for our farms and farm equipment.

I grew up on a farm and still enjoy working my tuiles in the garden and wagon riding. RFD gives a lot of insight on these activities. I'm a 76 yr. old retired man and I watch RFD nearly all day and night. I have some health problems in my legs & knees so I have to be in most of the day. Please leave RFD on. People like me will miss so much good programming. The Music is great. Thank you Larry Edwards

49 music square suite 301 west  
nashville Tenn. 37203

Dear F.C.C. regarding action on # 16-41

I have Direct TV, have for over 20 years.

The R.F.D. programming is my most favorite Channel # 345 on Direct. Verizon Fios has done a grave injustice by dropping R.F.D. and several other important programs like weather etc. The ~~so~~ Urban viewers need to know about the Rural values like where their food is coming from like meat & vegetables etc.

I do have 2 complaints with Direct TV-they have allowed NBC Sports to monopolize the last half of the season of Nascar which cuts me out from receiving Nascar from July to the end of the season. I can not afford to <sup>pay</sup> \$1.00+ extra a month just to watch Nascar I dont care about the other sports that that are included in this package.

My other complaint is we are a captive audience paying a big monthly payment for too DAM many commercials!!

What can you do to limit some of these. They are getting to be more & more,

Re case - 16-41

DEAR FCC:

Please do not drop RFD-TV from your  
STATION.

I Am in my 70's And I love everything  
RFD-TV shows. I love country music.

I live for The Friday And Saturday nite  
shows. I WANT more music . I love  
Country Reporter.

You learn so much about This wonderful  
country from watching RFD-TV.

THANK you.

DOCKET FILE COPY ORIGINAL

3-14-16

Dear FCC, 16-48-proceeding #

I'm writing to ask you to do whatever you have to do to keep RFD-TV on Direct TV. I will not subscribe to a satellite station that does not carry RFD-TV.

My husband and I are both retired (76 & 80 yrs. old). He is handicapped, does not walk, and this is our form of entertainment. We love this station & especially country music. If it ever would be taken off I don't know what we would do. The only other thing we watch is the local news channels.

I'm asking you to please consider the senior citizens that don't get out much. We need some entertainment, and most of the stations have programming that we will not watch. So much swearing & sex it's not fit to watch.

Sincerely

3-15-2016

Dear FCC - 16-41

Please do not let the best programs be dropped from the TV - RFD-TV and leave all the so called funny family shows, loud mouthed, dirty mouthed (so called funny that way).

RFD-TV has so much to offer any time of any day that is great to watch.

DOCKET FILE COPY ORIGINAL

I am coming up 83 yrs. soon and have been watching forever almost all the programs. I use to like "Hula music" when young and then took to enjoying country (old style) and now it might disappear. We enjoy most all good-fun music to dance, square dance and just dream with it at all times.

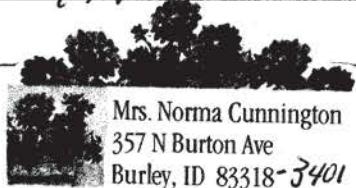

Also the Country Family Reunion, Larry's Country Diner, Mollie's Polka Program, Hee Haw, also I love the shows with Horses

all the programs showing how crops are grown - harvested - processed - shipped - and mostly the families that are Farmers. Any way PLEASE DO NOT LET THE RFD-TV STATION GO OFF THE AIR - PLEASE.

I grew up in Alameda, Calif. for 19 yrs. - all city life - then married and moved to Boise, Idaho in 1953 - 1961 to Burley, Idaho and would never again leave this mountain and beautiful farm lands and Special People that tend to the land. That is why I relate to RFD-TV's wonderful programs.

Oh all the rest of programs that air on RFD-TV, too!!

Thank you in advance to keep up the good work of RFD-TV.

VERIZON TOO

But I will cut them  
Off = channel 67 =

Dear FCC:  
Proceeding #16-41

RFD TV is our favorite TV station. We enjoy all their shows. My husband is 84 and I am 81. We are retired dairy farmers. We have Direct TV and while we do enjoy watching The Hallmark movies and some of the older shows like Andy Griffith & Little House on The Prairie, the channel we enjoy most is RFD T.V. It is the #1 channel for senior citizens because of the good clean entertainment. We enjoy all the music shows, tractor shows, agriculture programs, Rural news, FFA programs, and just really enjoy all of their family oriented programs. It is one of the best channels to watch and it is the one the entire family can watch and feel comfortable watching.

Please keep this program on the air. Their programs are educational, interesting, entertaining, and the one you can watch with your entire family. You do not have to worry about any swearing, violence, sex, and a lot of the other things that you see on the other channels.

RFDTV is a Godsend for us. It has been a wonderful companion and has great programming for the entire family.

Again, we hope that you will not drop RFDT.V. This station is such a great station to watch and the one that we can truly enjoy and the one we watch most.

Since we are retired farmers, it keeps the love of farming in us.

Dear FCC

Proceeding # 16-41

Dish

DOCKET FILE COPY ORIGINAL

Prior to getting satellite Dish we had antenna TV. We got NBC, CBS, ABC and public TV.

Since having Dish we have never enjoyed TV more. We have RFD station on most of the time - all day. They have so much valuable information and wonderful pictures of our U.S.A. and countries abroad. Even the advertising decent, wholesome and good.

We have a 2 year contract with Dish and it will be worthless to us if RFD-TV is taken off the air. Much of regular NBC, CBS and ABC programming is horrible, sickening, indecent, immoral and not good for our citizens.

Sincerely

William R. Kelley

Eleanor E. Kelley

3/15/15

Dear FCC,

proceeding #164V

I watch the RFD channel on  
Bush satellite

Of all the stations I receive  
the RFD channel is the cleanest  
acting, talking, no dirty moves or  
cursing.

This is farming country. we  
raise cattle, corn, beans and get  
up to date reporting. Plus it is a  
good weather station.

There would be a missing piece  
in our lives if we did not receive it  
on a daily basis.

Please keep my favorite satellite  
station on the air.

RFD provides good quality  
programs I ask that you keep it on the  
air.

Sincerely,

Rebecca Davis  
2637 Hwy 132  
Rayville, La. 71269

FCC:

it's time you realized that not all of USA is interested in sin, sex and snuffing the life out of the actors,.....

please continue to bring down to earth, albeit corny, TV to those of us who value quality family broadcasting

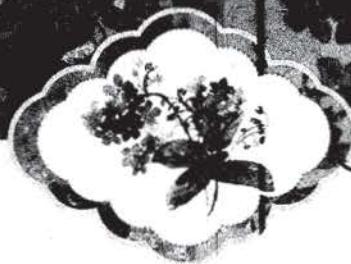

country family gatherings like Bill Anderson so lovingly provides, the Gaither group that gathers believers for  
quality TV viewing....the farm reports and weather as well.

LEAVE US ALONE!!!! CONTINUE TO PROVIDE QUALITY ALTERNATIVE PROGRAMMING. STAY THE COURSE. DONT FIX WHAT AIN'T BROKE. how much more guidance do you need?

you are doing fine. now go home.

Barbara Anderson & family

march 15, 2016

Dear FCC 16-41

Please Keep RFD TV ON the Air.  
It IS one of the few CHANNELS  
that we enjoy watching. In order to  
get RFD we had to up-grade 3  
Times & PAY for 176 CHANNELS, which  
costs us \$ over \$108. per/month. We  
are Senior citizens on a fixed income  
& Shawtel is constantly RAISING  
Prices. If ~~you~~ LOSE RFD & the Outdoor  
CHANNEL we will ~~lose~~ <sup>(ch. 165)</sup> some of our  
PACKAGES. In our area, there is NO other  
ENTERTAINMENT.

THANK you for your  
CONCERNs.

Dec. FCC

16-41

I have been watching RFD-TV. for several years now & I really very much appreciate their programming.

It is a good clean, "free from prof, free from bad language and free naked bodies, program, all the way through it is programming we need for todays young people because it tells them and shows them where their food comes from. They really don't know (in the cities) where their food comes from. They just think it comes from the stores."

I enjoy the country music, rodeo's, farm programs etc. You can't get this kind of viewing on any other network.

I get this from my Direct TV. basic viewing but this is one of the reasons I subscribed to basic viewing and why I subscribe & bought Direct TV.

Please keep this program & network on the air!
